

# Fx Series 5

## Quick Installation Guide

### Machine components:

1 a  
Unpack all components from the box, remove packaging and any transit tape.

2 i h  
Lift the cover of the machine to reveal the ink cartridge (h) and meter (i) bays.

3 i  
Open the cover. Place the meter (i) into the meter compartment and push backwards until it fits securely into position. Close the cover.

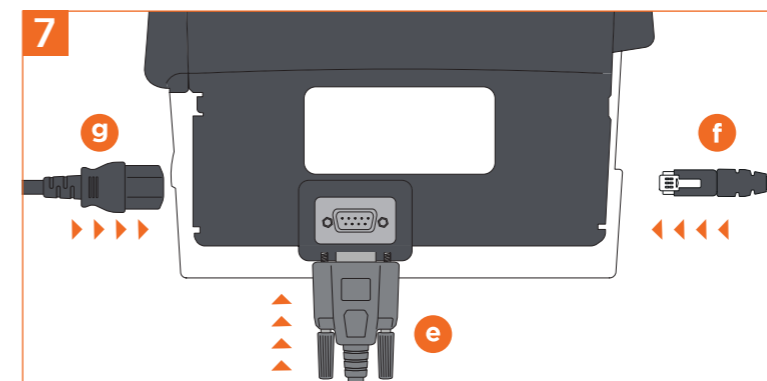

4 h  
Insert the ink cartridge (h) at an angle into the machine with the 'TOP' and 'LOCK' stickers facing upwards. Push the ink cartridge (h) towards the back of the machine until you hear a 'click' - close the cover of the machine.

5 a b c  
Lift machine slightly on the left hand side and align the hooks to attach the feeding table (b) - align the catch tray (c) to the right hand side of the machine.

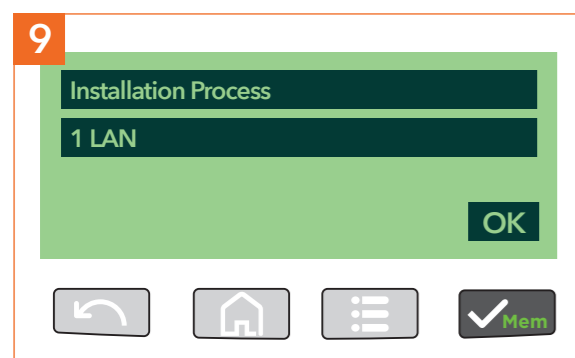

6 d  
Lower weighing platform release panel at the back of the machine. Place weighing platform (d) on top of the machine and slide forward to lock. Lift panel to secure and clip cable into place.

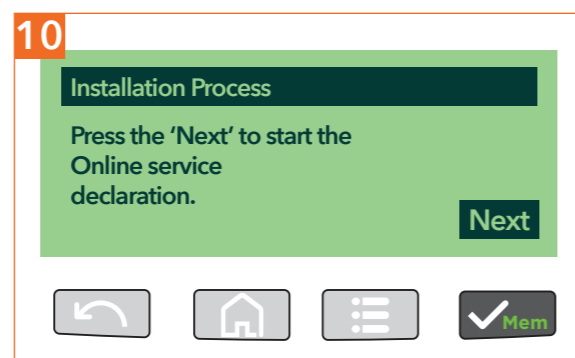

7 g f e  
Connect the weighing platform connector (e) into the COM PORT on the back of the machine. Then connect the LAN cable (f) and power cable (g) to each side of the machine.

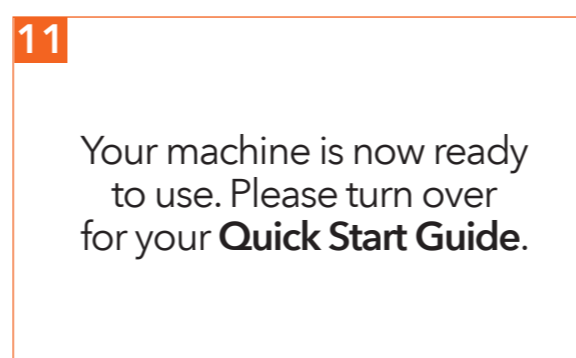

8 g  
Turn on the machine using the switch behind the power cable (g) and follow the steps on screen.

9  
Select LAN and press to test connection type.

10  
Follow the steps on screen to complete the procedure

11  
Your machine is now ready to use. Please turn over for your **Quick Start Guide**.
